

BEFORE
THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
DOCKET NO. 90-4-E - ORDER NO. 90-911
SEPTEMBER 18, 1990

IN RE: Semi-annual Hearing to Review the) ORDER RULING
Fuel Purchasing Practices and Poli-) ON MOTION
cies of Carolina Power & Light) TO COMPEL
Company.)

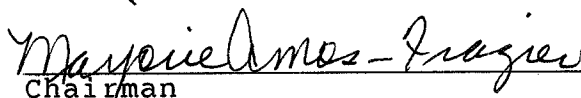

This matter comes before the Public Service Commission of South Carolina (the Commission) by way of a Motion to Compel CP&L to respond to Nucor's second set of discovery filed on behalf of Nucor Steel, a division of Nucor Corporation (Nucor). Nucor moves the Commission to compel CP&L to fully and completely answer its second set of interrogatories, specifically request Nos. 2.15, 2.17, 2.18 and 2.26. Carolina Power and Light Company (CP&L) had previously filed its objections to interrogatories 2.1, 2.15, 2.17, 2.18 and 2.26.

The Commission has considered the objections filed by CP&L as well as the grounds in support of the Motion to Compel filed by Nucor. Based on the objections and reasons stated therefore as well as the grounds in support of the motion, the Commission has determined that as to Nucor's request Nos. 2.15, 2.17 and 2.18,

that CP&L should make the requested documents available for review in the offices of CP&L at a convenient time and location. As to request No. 2.26, the Commission has determined that CP&L's objection should be sustained. The information requested by Nucor deals with an outage which began on August 19, 1990, is still on going and the evaluations are not completed. CP&L also alleges that the information necessary to answer the interrogatory concerns personnel that are still busy working on this outage and they are not available to answer the interrogatory. The Commission has determined that this outage is not a part of this proceeding but will be subject to review the next fuel proceeding.

IT IS SO ORDERED.

BY ORDER OF THE COMMISSION:

Chairman
